BUMAN HAIR SWITCHES

SUPERFLUOUS HAIR

Is a discomfort and a source of embarrassment to any woman no matter how beautiful she may etherwise. No matter where this hair growth is, it can be

DESTROYED PERMANENTLY.

BEWARE of lotions, powders and creams which claim to destrey bair on the face or under the arms, as they are only a temporary relief and do not de stroy the hair cells, thereby causing the hair to regrow more course and darker than These fraudulent preparations also often cause serious skin diseases.

Professor Fore has a method that is wholly original and will positively destroy the hair cells that hair WILL NEVER GROW AGAIN.

This method is the only one that will absolutely destroy the hair cells. It is a combination of facial massage and electrelisis, but is unlike the old method of removing hair by electricity, which was very pain-By Professor Foss' method of operation the hair can be

PAINLESSLY

destroyed in a very short time and with very little discomfort.

Professor Foss is a specialist of beauty-a promoter of lovelineas. He can develop SHAPE-LY EYEBROWS, removing hair where necessary, and where the lashs are thin he will make them grow abundantly.

COMPLEXIONS

No matter how had your com plexion may be-no matter how pale you look-no matter hooften you have tried before and not been relieved, Professor Foss can give you a clear, healthy skin, and by a method of treatment, consisting of electric mussage and a secret preparation. make your cheeks rosy so that you will never need rouge again and your complexion will be the envy of your friends.

sight than to see on a hot day in Washington a young lady perspiring freely with rouge running down her cheeks with a combination or black grease from her cycbrows! Let Professor Fore give you natural beauty.

Visit Professor Fons' beautiful parlors on New York avenue and let him convince you beyond a doubt how beautiful you CAN
